DIARY NOTES

DD/S

16 January 1967 25X1A

2. Space Planning: In light of the DD/S&T request for additional space in the Headquarters building we have held a series of meetings and explored alternatives and have not come up with any ideal solution. It is our final judgment that the space situation can be resolved by having a good portion of OSA moved to Rosslyn. Mr. Warfield cleared this proposal with Colonel White and Mr. Helms in principle. On 19 January I talked with Carl Duckett and Mr. Warfield and advised Carl that this was our proposed solution. We asked him to take this under advisement and report back to us. I saw Mr. Duckett about 25 January and he advised that this matter is under consideration but has been delayed because [REDACTED] has been out of town. He promised a reply in the next several days.
